

Go Keyless...

The Essex KE-1700 Series

Ever wish you could enjoy the convenience of Keyless Entry on your RV, truck or commercial vehicle? Now you can with an Essex KE-1700 Series Keyless Entry® System. Imagine being able to lock and unlock your vehicle without having to use your keys.

The KE-1700 Series makes it possible.

To unlock the door, simply enter your personalized 3 to 8 digit access code at the Keypad (a remote Keyless Entry option is also available). Once a valid code is entered, trailing digits can be used to open a cargo bay or storage compartment.

Total control at your fingertips...

Locked Out? No Worries...

With the KE-1700 Series, you'll never have to face that problem again. Now there is no need to carry keys with you everywhere you go. You can hide your keys anywhere in the secured vehicle. This gives you the freedom to go anywhere without having to carry keys. Need to give someone access to your vehicle? Up to 5 user codes can be easily programmed from the keypad to give permanent or temporary access to family or friends.

- Dual Technology System – Virtually Indestructible Keypad and optional Remote Keyless Entry.
- 3 Auxiliary Outputs – Open a cargo bay, storage compartment or activate an auxiliary device.
- Multiple Access Codes – Easily program up to 5 User Codes from the Keypad.
- Illuminated Keypad – Lights at first touch for nighttime convenience.
