Kountry Aire park models

Comfortable living in a choice of three popular models

The Kountry Aire Park Model is proving to be a popular style of the inexpensive life in many areas of the USA. The three, luxurious, 35 ft. models are all available with tip out rooms or slide out rooms or both. The additional area made available by these rooms make Kountry Aire exceptionally comfortable for living during extended periods of time.

- a.** The attractive "reverse L" kitchen built into the slide-out room is a great attraction. It provides both storage and work areas.
- b.** A front living-dining area with the spacious, cathedral style ceiling surrounds you with a comfortable feeling of spaciousness.
- c.** The rear bedroom with a tip out makes room for a handy, island double bed. It also provides more window and floor area.
