All Kountry Aire park model room arrangements and decor are the result of never ending thoughtfulness, experience and true know-how. Thoughtfulness is the quality that creates large storage areas; provides kitchens that meet all your demands; and includes only features and furnishings that give a lasting feeling of comfort. Experience is that which leads to refinements to make a Kountry Aire the quality oriented leader in its field. Know-how provides the smoothness and efficiency of the overall beauty and performance you'll fully enjoy when you own a Kountry Aire.

So provide yourself with the style of living you like and at the same time live as tastefully as your experience and judgment desires.

Here is a lovely, living area that features a large slide out room that, combined with the cathedral style ceiling, creates a feeling of spaciousness you can enjoy for extended periods of time. Shown here is the Kountry pecan paneling and the decor featuring a combination of blues.

All areas are special but the kitchen is especially important. Nowadays many demands are made from the kitchen and Kountry Aire has applied ingenuity to satisfy the demand. The storage demand is answered with a pantry, on some models, large overhead cabinets, a variety of under-counter drawers and cabinets, and a 13 cu. ft. refrigerator. Add to this a 4-burner oven range, a double sink with complete illumination and you have a kitchen that answers your demands. (Kountry Walnut Paneling shown.)

This front view of the comfortable living area shows the sofa bed, harmonizing easy chair and plush carpeting. Every comfort for living ease made private by pull-down window shades and draperies.

This bedroom has a slide out room addition with overhead cabinets all around, comfortable twin beds and a two-drawer chest. Not seen are the two wardrobes with mirrored vanity between. The adjoining bath has a large tub with shower enclosure, a lavatory with hollywood-lighted dressing mirrors, two medicine cabinets and a linen storage.
