The new side dinette is now available in several models and is located next to the kitchen. The cushion fabrics match the living room sofa and headboards in some bedrooms.

A woman with dark hair, wearing a blue short-sleeved button-down shirt and blue trousers, stands in a narrow kitchen aisle. She is focused on cutting a yellow fruit, possibly a lemon, on a white cutting board. The kitchen is finished with extensive wood paneling on the walls and cabinets. To her left is a dark-colored stove with a white countertop. Above the stove, a small square picture of a bee is mounted on the wall. To her right, a wooden island or peninsula holds a large, vibrant centerpiece of white and red flowers. The island's upper cabinets are open, revealing white plates and colorful glassware. Below the island, the lower cabinets are also open, displaying various items including a yellow container, a small figurine, and books. A white butterfly wall hanging is visible on the right wall. The floor is covered with a patterned rug. In the background, a doorway leads to another room.

This new 33' center bath side dinette model offers a comfortable front living area in a pleasant brown decor. The table will extend to seat four or more. The window areas and sofa are extra large.

Attractive exterior, pleasant interior.

Roof

A heavy plywood, center walkway and rear deck are a part of every Kountry Aire. Rafters are 2" x 4" spaced every 16". A blanket of insulation is packed between each rafter. The roofing is white and 100% aluminum providing a good looking, non-rusting, superior covering for each unit.

We build them so you can have confidence.

Sidewalls
