## *Distinctively Different because . . .*

... **Kountry Star pays close attention to details** that will insure you you're getting a quality product. These tastefully designed interiors show the care taken in selecting the best of materials, fabrics and hardware for your satisfaction. This distinction in selective design and materials is not exclusive to the interiors only, but to every integrated part that goes into building a Kountry Star recreational vehicle.

... **from inside to outside, Kountry Star is created by professional designers and engineers** who not only know RVs, but understand color, interior space, practical design, structural strength and the needs and wants of today's avid RVer.

... **Kountry Star is backed by a company that has been successful in the RV market for 20 years**, supplying folks all over America with the type of vehicle they want to spend their leisure and occupational time traveling in. Kountry Star offers all these benefits and extras to you at astoundingly affordable prices compared with the competition to insure you of years of camping enjoyment and reliability that won't set you back, but set you up for the vacations you've waited for!

**One Level Floor**  
(shown with optional smooth fiberglass)

### The S/S Packed

### 302% to 420% Increased Storage Space!

The Kountry Star S/S series by Newmar Corporation offer incredible storage space for the avid RVer. Both the Fifth Wheel and the Class A models provide unbelievable increases of 302% and 420% respectively. All storage is below-floor and protected from the elements, yet totally out of the way of the living areas. This new design also creates completely enclosed and heated holding tanks (standard) for year 'round camping. The S/S has been aerodynamically designed for better road performance and less wind resistance.

### Increased Living Space!

The S/S concept not only gives you more room to store all that essential gear and equipment, but allows more room inside as well. A full 87 $\frac{3}{4}$ " interior width with 6'-6" interior height in all living areas are standard. Combine this room in the Class A with the convenient one level floor from the cockpit clear to the back of the motorhome, and you not only have ample living space, but the elimination of stepping up or down from the cockpit level to the living area level.

### The S/S Unpacked

# KOUNTRY Star S/S

The SS stands for  
"Super Storage"

The S/S Packed

## Beauty and Elegance Inside and Out!

From the sporty beige and burgundy exterior with radiused windows and radiused corners for improved aerodynamics, to the elegant interiors with tasteful designer color correlations to choose from, the S/S stands out among the rest. The details inside make Kountry Star popular with women AND men, like the solid oak kitchen cabinet doors with the genuine in-laid cane panels and solid oak cabinet doors thru-out. Add to this color-coordinated draperies and roller shades, and easy-to-clean, vinyl-clad oak and decorative paneling, and you've got an RV that any family would be proud to call their second home!

## Low Profile

(shown with optional smooth fiberglass)

## All Aluminum Superstructure for Strength!

Like all members of the Kountry Star family of recreational vehicles, the S/S doesn't scrimp on construction. With an all aluminum superstructure, you can rely on years of dependable performance from an RV that's built to last after miles of traveling pleasure.
