1991 Towables

BY 

Distinctively Different!

"When we decided to shop for a new camper we had some distinct plans and needs in mind. We needed an RV that was capable of long distance travel, one that could provide comfort in a range of different climates, and could offer convenience and security away from home at a price within our reach. We discovered one that is *Distinctively Different...Kountry Star.*"

"Kountry Star meets our distinct needs and offers everything we wanted in a towable in the mid-price range. There is a great selection of floor plans and options, the tastefully decorated interiors are so warm and practical, they make us feel like we're at home away from home. Kountry Stars are well insulated for comfort in hot or cold climates and the all-aluminum superstructure and heavy steel frame give us the security we need when

traveling down the most rugged roads. Dollar for dollar, we feel we made the best choice in selecting Kountry Star...*Distinctively Different!*"
