Kountry Aire

Diesel Pusher

Durability and Performance.

Once you've tried a Newmar, you can't imagine owning anything else. The same could be said of those who like Newmar's diesel pushers. A new offering for '97, there's nothing quite like the power, performance and longevity Kountry Aire's standard Cummins 300 horse power diesel engine possesses for comfortably reaching your destination.

To satisfy your desire for rugged, mountain taming, raw power, consider the optional 325 horse power diesel engine.

With air ride suspension, ABS braking system and a host of technological advancements like one button automatic leveling, the Kountry Aire® Diesel Pusher is as much fun to drive as it is to own.

The formal elegance of the Kountry Aire® Diesel Pusher is inviting and luxurious in its decor and layout. Window treatments, with two-toned pleated shades, complement the rich styling displayed throughout the living area.

The functional corner kitchen is just one of many available in the Kountry Aire® line that features a large side-by-side refrigerator, Corian® countertops and oak cabinetry.

The formal living area of the Kountry Aire®, with the patented, flat floor slideout feature, is perfect for entertaining guests or for family fun.

Kountry Aire

Class A

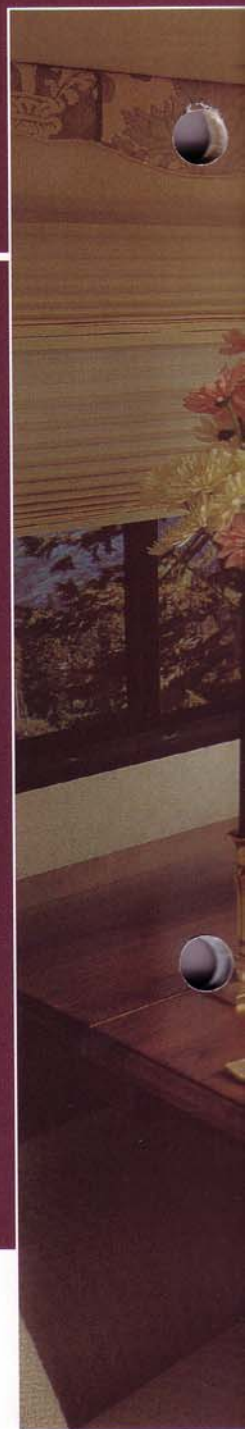

Take in the Kountry Aire.

The trees are in full bloom, the aroma of the countryside fills the air and the road is clear ahead of you. The Kountry Aire® motor home helps make this dream a reality, and your destination is limited only by your imagination.

With more standard equipment than any other Newmar gasoline model motorhome, the Kountry Aire® provides the utmost in traveling comfort and style. Its sleek, gel-coated fiberglass shell and bold graphics possess a presence all their own.

As beautiful inside as it is on the outside, you'll find many additional features have been included to make your trip even more enjoyable. A 2-zone programmable thermostat is centrally located, eliminating the need to monitor individual rooms. Central air conditioning with heat strips are built into the roofing system with separate return air ducts to maintain high air quality levels and efficiency. At the push of a button, the patented Newmar flat floor slideout glides effortlessly into place, extending usable floor space.

ALTHOUGH EACH POSSESSES THEIR OWN DISTINCT CHARACTERISTICS, MOUNTAIN AIRE® AND KOUNTRY AIRE® MOTORHOMES ARE BUILT MUCH THE SAME WAY. THEY'RE BUILT TO LAST.

THE 2"x3" FLOORING AND WELDED ALUMINUM FRAMING, EACH BUILT WITH 16" ON CENTER STUDS, PROVIDE STRENGTH AND RELIABILITY. INSULATED WALL BOARDS WITH VAPOR BARRIERS AND ROLLED INSULATION ARE ADDED TO MAINTAIN A COMFORTABLE CLIMATE CONTROL. AND, BECAUSE SPACE IS ALWAYS AT A PREMIUM, NEWMAR UTILIZES EVERY INCH AS EFFICIENTLY AS POSSIBLE.

WITH A VARIETY OF FLOOR PLANS TO CHOOSE FROM, YOU'LL SEE WHY NEWMAR'S REPUTATION FOR QUALITY HAS BEEN REVERED FOR NEARLY 30 YEARS.

Mountain Aire Kountry Aire

Typical Construction.

The spacious living/dining room provides plenty of comfort without compromising style. A lighted, floor-to-ceiling curio accentuates the professionally designed decor.

With its open and airy design, the kitchen maintains the flow of the decor. Fine cabinetry surrounds built-in appliances like the optional side-by-side refrigerator, providing beautiful and abundant storage for all your cookware.

Mountain Aire

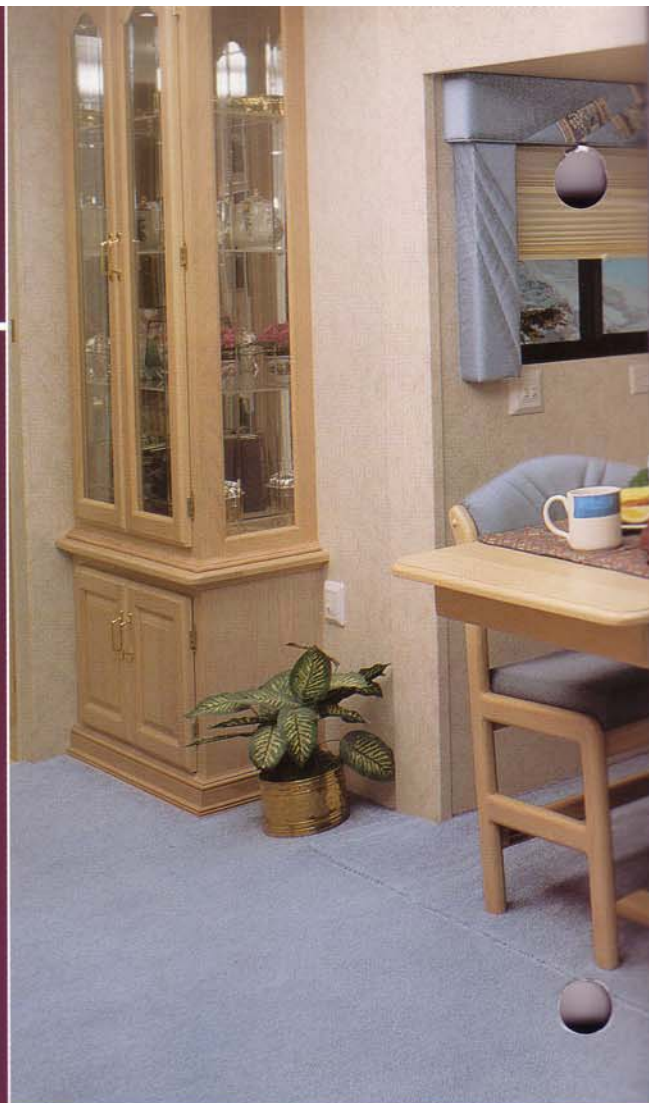

Class A

An Aire of Distinction.

The Mountain Aire® Class A motorhome has a distinct quality you'll instantly associate with Newmar. Designed for all types of travel and leisure activities, the Mountain Aire® has been equipped with the right accessories to ensure a successful outing.

Granning air ride suspension, on tag axle models, I-beam chassis construction, central air conditioning and the patented flat floor slideout rank high on the features list. Of course, the little extras add up to one great package when you include oak cabinetry, phone and cable TV hookups, sliding rear

Good old-fashioned comfort, convenience and quality have been included at no extra charge. At Newmar, we believe in doing the job right the first time. That's why we inspect our product through each phase of construction and continually strive for top quality achievement.
