Soul Mates

There are times in your life when your soul connects to a person, place or thing in a way you simply can't explain. You see it in the special way good friends finish each other's thoughts, the way your favorite putter feels in your hands, or the way the word "sunset" takes on a whole new meaning at your favorite destination. Some call it fate. Some call it destiny. Others call it just plain good luck.

At Newmar, we like to think of this phenomenon as tailoring our products to fit our customers. We take pride in creating quality that you feel comfortable in—that feels "right" from the minute you step inside. The Kountry Aire Fifth Wheel is a result of our commitment to complement your life no matter where you decide to watch that sunset. The Kountry Aire is a combination of an attractive exterior that surrounds inner quality, no matter how deep you care to look. Sidewall framing 16 inches on-center with lightweight, rigid aluminum, an I-beam frame 16 inches thick, welded for additional strength and lightness—the quality shines through at every turn.

The Kountry Aire Fifth Wheel and your life. Looking for a soul mate has never been this easy.

Soul Searching for Excellence

The Kountry Aire has the reputation of being one of the finest towable RVs in the industry. Perhaps it's the high-quality craftsmanship that distinguishes it from other recreational vehicles. Maybe it's the care and dedication that go into the design of each Kountry Aire, or the luxury and amenities that abound. It could be the new features for 2002, like full paint exterior and graphics that put it in a class of its own. Whatever the reason, you can be sure that the Kountry Aire is a dependable and reliable way to visit all of the places you've dreamed of seeing.

The Perfect Travel Companion

Your dream excursion may include an outing that spans the nation, a simple weekend with relatives or a tailgating party with friends. Whatever your pleasure, the Kountry Aire is the perfect travel companion. The 2002 model offers you new ways to personalize the look and feel of your interior. You can now select from six new interior styles and color options, or choose Pecan-Maple hardwood as a new cabinetry and woodwork option for 2002. And, for lazy days when you just want to sit back and relax, the new DVD player is an option that will entertain for hours. Built with quality, built the way you like it, the Kountry Aire delivers an experience that makes you feel right at home.

Typical Construction Features

For construction representation purposes only. Models may differ from what is pictured.

Because Newmar frames its units like the framing in your home, we can provide true central air conditioning. Vents deliver cool air and return warm air, allowing you to close the door to a room and still enjoy total comfort.

1. One-piece fiberglass front cap
2. Welded aluminum crowned roof structure with 16" on-center framing
3. 1" tubular aluminum rafter with full joint weld
4. True central air conditioning
 - Insulated ducted distribution and return
5. Exclusive designed slideout header for added strength
6. Fiberglass batten insulation
7. Aluminum, Brite-Tek or fiberglass roof
8. One-piece fiberglass rear cap
9. Exclusive slideout roof dam channeling water run off
10. Composite one-piece fiberglass exterior sidewall
11. Fiberglass batten insulation
12. Plywood inside wall panel
13. 1.5" C-channel aluminum studs with punched holes and 16" on-center framing allows for:
 - Ventilation
 - Wiring to run through the sidewalls for convenient receptacles
 - Reduced weight
 - Increased strength of the stud
14. Plush carpet
15. Carpet padding
16. 5/8" floor decking
17. Fiberglass batten insulation
18. Welded interlocking top and bottom rail to sidewall stud
19. 12"-16" cambered steel I-beam frame
20. Easily accessible LP compartment
21. Lined in-frame storage compartments
22. Four season enclosed heated tanks
23. Electric rack and pinion slideout
 - One of the industry's deepest flush-floor slides
 - Automotive-style double bulb seal

Beneath the Surface

At Newmar, our relentless pursuit of quality is a source of great pride. That's why we're not afraid to reveal what we're really made of. When you look below the surface you can see our construction is unlike any other. We don't take short cuts, we construct. Our units are framed like the framing in your home. No matter which model you buy, each Newmar RV is assembled on the same production line, built with the same high standards and care. Newmar Quality: A Way of Life, and we mean that from the inside out.

Ever notice that I-beams are used when constructing skyscrapers? The I-beam is stronger than a box-channel beam. That's why Newmar uses a 12-inch I-beam when constructing its fifth wheel frame.

Delivering on Our Promises

The Newmar warranty is as straightforward and honest as our philosophy — build an excellent product and stand behind it all the way. We take pride in the fact that our 36-month or 36,000-mile, bumper-to-bumper limited warranty is the best in the industry. Being the best has many advantages. Not only do our customers go home with confidence and peace of mind, they go home with a warranty that is easy to read and understand, with no hidden fine print or confusing language.

At Newmar, we engineer quality into everything we build and require the same high standards of every component we include in our products. So, when you compare warranties, check the fine print. We think you will find our warranty amazingly simple and surprisingly complete... just the way our customers want it.

Exacting quality, simple language, and products you can trust and enjoy. That is the Newmar promise.
