NEWMAR, 2002

## Caring. Family.

You could have spent some time telling her that your Kountry Star has true central air conditioning. You could have explained how Newmar designed the basement storage to optimize useable space or all the reasons why an I-beam is stronger than a C-channel when it comes to frame construction. But you didn't.

Why? She doesn't care. The only thing she'll remember is that you cared enough to take her to a warm place in the sun where she could splash around.

At Newmar, that's good enough for us.

In fact, we designed the Kountry Star so you could have the same kind of carefree enjoyment. It's the essence of what happens when your fifth wheel is designed and built by people for whom quality is a way of life...so you can spend more time caring about what matters most in yours.

*Lined in-frame storage compartment*

## Make Some Memories

You create travel memories for your loved ones that are filled with fun and adventure. We create new ways to make getting there half the fun. The 2002 Kountry Star includes all new exterior graphics that will turn heads wherever you go. Even so, the Kountry Star is definitely more than just a pretty face. This fifth wheel makes travel more comfortable and carefree than ever with its newest improvements: increased grey water and fresh water tank capacities (82 gallons for grey water, 75 gallons for fresh water). This means you will spend less time emptying and filling tanks and more time by the pool with loved ones.

## A World of Possibilities

No matter where your travels take you, with the Kountry Star, the comforts of home are just a few steps away. The 2002 model line adds new amenities that show the style and flexibility of this fifth wheel. Four new interior color options and new Saxony carpet help you decorate your living area with a touch of home. Even rainy days will be fun with a completely redesigned entertainment center. The mirrored glass doors cover the stereo and optional VCR, and add a stylish touch to the room's decor. Watch the pre-game show with friends, entertain your little ones with their favorite movie or relax to a CD during dinner. Whatever you choose, the Kountry Star can help make little wishes or big dreams come true.

## Wherever Your Imagination Leads You

Today you could be hiking in the mountains or snorkeling in the warm waters off the coast. Tomorrow could include a day of enchantment at one of the world's best amusement parks. Wherever your imagination leads you, the Kountry Star is ready to roll.

The Kountry Star features beautiful oak cabinetry with the option of Snow Maple woodwork if that is what your heart desires. We also provide a selection of interior decors to suit your look, your color preference and your personal style. Whether you select Elderberry, Burlwood, Glass Green or Blue Stream, you will be greeted by quality and comfort every time you open the door.

## Beneath the Surface

At Newmar, our relentless pursuit of quality is a source of great pride. That's why we're not afraid to reveal what we're really made of. When you look below the surface you can see our construction is unlike any other. We don't take short cuts, we construct. Our units are framed like the framing in your home. No matter which model you buy, each Newmar RV is assembled on the same production line, built with the same high standards and care. Newmar Quality: A Way of Life, and we mean that from the inside out.

*Newmar is the pioneer in flat-floor powered slideouts. We build every slideout ourselves using a rack and pinion system and a centrally located electric motor that applies power evenly to both racks.*

## Delivering on Our Promises

The Newmar warranty is as straightforward and honest as our philosophy — build an excellent product and stand behind it all the way. We take pride in the fact that our 36-month or 36,000-mile, bumper-to-bumper limited warranty is the best in the industry. Being the best has many advantages. Not only do our customers go home with confidence and peace of mind, they go home with a warranty that is easy to read and understand, with no hidden fine print or confusing language.

At Newmar, we engineer quality into everything we build and require the same high standards of every component we include in our products. So, when you compare warranties, check the fine print. We think you will find our warranty amazingly simple and surprisingly complete... just the way our customers want it.

Exacting quality, simple language, and products you can trust and enjoy. That is the Newmar promise.
