SCOTTSDALE CLASS A

Scottsdale Class A **DISTANCE**

We all want to put as much of it as we can between our worries and ourselves. At the same time, we want to close the distance between ourselves and the places we love and people we cherish. Helping you accomplish both with ease is the essence and our inspiration for creating the Scottsdale Class A. The Scottsdale Class A is considered by many to be an industry benchmark for how a motorhome should be built. And for those who own one, the Scottsdale Class A exemplifies quality, practicality and Newmar innovation to cover any distance one can imagine, in comfort, luxury and style.

NEWMAR'S TRUE CENTRAL AIR SYSTEM —

Newmar's True Central Air utilizes not only full ducting for incoming cool air but also a separate fully ducted system to quickly and effectively remove warm air from every living area. True Central Air is standard on every Newmar.

Scottsdale Class A **PURPOSE**

There is beauty and purpose to be found in something that is well designed and well crafted. Step inside the Scottsdale Class A and experience a new environment of luxury, comfort and attention to detail. Three new décor choices accent the interior for 2003, and numerous other refinements like the new front privacy drapes make the Scottsdale Class A both attractive and user-friendly. No matter what purpose you intend, activity, relaxation or both, the Scottsdale Class A is ready when you are.

Like what you see? Maybe you want to learn more about who we are — to discover more about what we mean by “Newmar Quality: A Way Of Life.” At newmarcorp.com, you’ll find the latest updates on individual model specifications, floorplans, special packages and more. You’ll also find a wealth of resources to become more familiar with our heritage, our history and our innovations.

PRIDE AND TRADITION

Maybe it's in the way Newmar employees take pride in their work and assume personal responsibility for each task they perform. Maybe it's because these talented individuals build each Newmar, from the American Star Travel Trailer up to the London Aire Coach, on the same assembly line. Maybe it's because Newmar's leadership believes real quality is not found on a chart but in a way of life.

There are several things that make a Newmar special. Just like individuals, the qualities we value most are the inner ones. We build our products to reflect this way of thinking. We believe outer beauty is only worthwhile if it reflects inner quality. We back this quality with a three-year / 36,000-mile, bumper-to-bumper limited warranty, the Newmar Freedom Warranty. It's a commitment not only to our products, but also to our Newmar owners. And as with many other industry-changing innovations, Newmar was the first to offer this level of coverage, leaving the rest to follow suit. It's all about freedom — comprehensive coverage and the peace of mind that goes along with it. This is the essence of Newmar.

Lengths, Heights, Widths, and Dry Weights are approximate. Weight will vary based on optional equipment added to the above base weight.

GAWR: Gross Axle Weight Rating is the maximum permissible weight for an axle.

GVWR: Gross Vehicle Weight Rating is the maximum permissible weight of a fully loaded motorhome.

GCWR: Gross Combination Weight Rating is the value specified by the manufacturer of the vehicle as the maximum allowable loaded weight of this motorhome and any towed trailer or towed vehicle.

UVW: Unloaded Vehicle Weight is the weight of this motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, or dealer installed accessories.

NCC: Net Carrying Capacity is the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, waste water, LP gas, tools, tongue weight of towed vehicle, dealer installed accessories, etc., that can be carried by the motorhome.

Newmar Freedom Warranty™

The Newmar Freedom Warranty simply and clearly details the most impressive coverage in the industry. Three years or 36,000 miles, whichever comes first. Bumper to bumper. It's a symbol of our uncompromising pursuit of quality.

Newmar takes great pride in ensuring our owners have made the right choice. It's yet another way of reinforcing Newmar's commitment to the customer, and a challenge to the rest of the industry to raise its standards for the benefit of all RV owners.

Newmar has made this kind of protection possible, not only by building quality products, but also by demanding the same level of quality from our component manufacturers. When Newmar required them to match this 36-month pledge, everyone stepped up as expected. Now, Newmar is pleased to include these companies in our warranty - making the Newmar warranty truly complete.

The Newmar Freedom Warranty covers all components, except tires, battery and chassis (which is warranted for at least 36 months by its manufacturer).

Newmar Quality: A Way of Life.
