

WHEN YOU KNOW THE DIFFERENCE™

MOUNTAIN
AIRE

2008 MOUNTAIN AIRE

WELCOME TO A *Poetic Life*

Every aspect of the new 2008 Mountain Aire is expressive and lyrical. In a word, poetic. From its sleek lines to its smallest contemporary details, Mountain Aire is a profound composition about a life fully lived.

THE NEW *Classic*

Mountain Aire's interior theme suggests a shift in luxury coach design. Free from ostentation or showy extravagance, this coach is classically beautiful and perfectly modern. It's composed of the latest fabrics, ambient lighting and clever touches, in addition to Villa™ furniture, porcelain floors and a 32" Sony® LCD TV with Surround Sound.

4521 floorplan with Tussah Décor and Carmel Glazed Cherry Hardwood Cabinetry

CONCISE STRUCTURE AND *Form*

Mountain Aire is a well-crafted machine. Can you see its precision? The sculpted exterior with Full-Paint Masterpiece™ Finish is glazed with a Super Clear Coat Finish and Diamond Shield protection for sheen and resilience. The front cap is tall and handsome, and flanking lustrous chrome mirrors have remote control, defrost and turn signal indicators.

You'll appreciate Mountain Aire's thoughtful details throughout, like the double steps that draw you inside when you open the entrance door and the newly designed headlights with diamond-like brilliance for the road ahead.

A CADENCE OF *Sounds*

Step into Mountain Aire's kitchen and listen. The swish of water running. The whistle of the tea kettle. The playful bubbling of soapsuds. Your state-of-the-art kitchen sounds and operates like that of a gourmet restaurant, with a 30" convection microwave oven with two-burner recessed gas cooktop, spacious sink with water filter and Delta® faucet, and optional in-drawer dishwasher.

Meticulously handcrafted hardwood cabinets and stainless appliances fill the kitchen and dining area. The rich wood, delicate detailing and silver hardware exemplify Newmar's renowned craftsmanship.

A Riveting EXPERIENCE

Settle into the plush Ultraleather driver's seat and experience Mountain Aire's strength. Vigorous and alert, isn't it? Beneath this coach is an impressive 450-hp Cummins® engine, built on top of a brawny Spartan® K2 chassis.

The real thrill of Mountain Aire is in the drive. Thanks to exclusive Comfort Drive™ Steering, you'll glide smoothly down the road. This cutting-edge technology makes turning, backing up and changing lanes nearly effortless. And unlike other coaches, there's little correction involved. Comfort Drive brings the steering wheel intuitively back to the center and helps you maintain a steadfast course.

THE LINES GO ON *Forever*

From the handcrafted woodwork to the stylish comforter, bedskirt and accent pillows, heaven-bound lines give your master bedroom a voluminous feel. And the fragrant cedar-lined closet, overhead cabinets and underbed storage offer space to comfortably house your latest fashions and accessories.

Your bedroom's positive energy will have you longing to spend time behind the decorative pocket door, curled up on your king-size bed atop a luxurious pillowtop mattress. It's a tranquil place to enjoy your 23" Sony® LCD TV and call it a day.

STANDARD & OPTIONAL FEATURES

STANDARD FEATURES

Lengths, heights, widths and dry weights are approximate. Weight will vary based on optional equipment added to the above base weight.

GAWR: Gross Axle Weight Rating is the maximum permissible weight for an axle.

GVWR: Gross Vehicle Weight Rating is the maximum permissible weight for a fully loaded motor coach.

GCWR: Gross Combination Weight Rating is the value specified by the manufacturer of the vehicle as the maximum allowable loaded weight of this motor coach and any towed trailer or towed vehicle.

UVW: Unloaded Vehicle Weight is the weight of this motor coach as built at the factory with full fuel, engine oil and coolants. The UVW does not include cargo, fresh water, LP gas or dealer-installed accessories.

NCC: Net Carrying Capacity is the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, waste water, LP gas, tools, tongue weight of towed vehicle, dealer-installed accessories, etc., that can be carried by the motor coach.

*Specifications supplied by the chassis manufacturer.

SPARTAN® K2 CHASSIS

SPARTAN

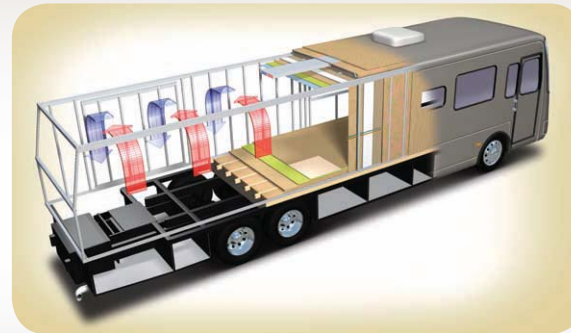

The K2 chassis has set the standard in the marketplace for its strength and power. It is equipped with a powerful Cummins® 450 horsepower ISM engine, plus a brawny 16,000 lb. IFS (Independent Front Suspension). The K2 chassis allows you to pass other drivers on a steep incline with

ease. And the K2 will allow you to maneuver the motor coach like a pro. Handle tight turns with perfect precision. Nothing can get in your way when you are equipped with a Spartan K2 under your coach. For peace of mind, there is a roadside assistance program for its entire warranty period.

CONSTRUCTION

Mountain Aire is a showcase for Newmar's exacting standards, meticulous detailing and legendary craftsmanship. The sturdy coach boasts a one-piece molded fiberglass roof and 16' on-center framing like that of a fine, site-built home.

NEWMAR CENTRAL AIR CONDITIONING
Newmar's exceptional Total Comfort central air conditioning is standard on every Mountain Aire. The system consists of two separate fully ducted systems—one to distribute incoming cool air, the other to quickly and effectively remove warm air from your living area.

NEWMAR EXPRESS LIMITED WARRANTY™
Every Mountain Aire Diesel Pusher is backed by Newmar's two-year limited warranty/unlimited miles. Ask your Newmar dealer for details.
