I've been with Newmar for more than 20 years, and my brother-in-law works here too. I really enjoy all aspects of fabrication. Everyone at Newmar understands that being a leader in the RV industry means always staying focused on the quality of our

coaches. Seeing each one coming off the end of the line—that's the biggest reward of my job. It's all about knowing we have built a high-quality product that our customers will truly appreciate.

2020 King Aire — The Crown Jewel

Appointed with only the most luxurious features and amenities, the 2020 King Aire grants a truly unrivaled over-the-road travel experience. Drive confidently with a standard Mobileye® lane departure warning system, adaptive cruise control, OnGuard™ collision mitigation technology, and automatic high-beam headlights. What's more, each King Aire is built on a proven Spartan® K3 tag axle chassis. And you have your choice of seven opulent floor plans, including three new additions for 2020. With so many leading-edge innovations—plus the ability to tailor your King Aire to meet your tastes—every journey is a rich reward all its own.

Hatteras full-paint Masterpiece™ Finish

A Room — Fit for Royalty

In the cockpit, a set of thrones awaits in the form of heated and cooled Villa® Ultraleather™ captain's chairs with an optional massage feature. Listen to your favorite music, podcasts, or audiobooks in crystal-clear sound courtesy of the new Harman Infinity® audio system, while overhead, a Samsung 4K LED TV is positioned for your entertainment. A Samsung tablet keeps you in command, allowing you to adjust the lights, electronics, shades, and more with the swipe of a finger. Standard Internet connectivity solutions, wireless charging pads, and an extra passenger-side navigation monitor add thoughtful convenience for the modern traveler. Throughout the coach, tile plank floors make a stylish statement.

*Floor plan 4549 with Hatteras décor and
Ginger glazed cherry high-gloss cabinetry*

At Your — Command

The King Aire's vast living room is designed for your entertainment, featuring a Samsung UHD 4K LED TV, Sony® Blu-ray® player, and Bose® SoundTouch soundbar. Total relaxation is achieved courtesy of the plush Villa® Ultraleather® sofa or two optional recliners with lampstand. And with three 15M Penguin™ heat pump central air conditioners and a remote control thermostat, your King Aire's interior is engineered to keep you ever so comfortable. Seen here in floor plan 4549 is the optional U-dinette with a power-adjustable table, which lends both style and functionality to the space. In rear-bath floor plans, cathedral ceilings grant additional height to the already spacious interior.

Step 3 of Build Process
Woodworking
Handmade Cabinetry

Feast — Your Eyes

Indulge your inner chef in the King Aire's impressive kitchen. Hardwood cabinetry—shown here in ginger glazed cherry—attracts the eye with its ultra-high-gloss finish and offers soft-close doors with dual magnetic latches. For a sleek look, matching wood overlays are found on the large Whirlpool® residential refrigerator. A premium electric appliance suite features a Wolf® induction cooktop, 30-inch stainless steel GE Advantium convection microwave, Fisher & Paykel dishwasher, and a Delta® Touch20® touchless faucet. Beneath the sink, pull-out drawers have been installed for extra storage. To bathe the space in even more natural light, an optional kitchen window may be added.

A Majestic — Retreat

The King Aire's master bedroom is a spacious sanctuary with every amenity at your service, promising restful nights and relaxing afternoons. Sink into the luxuriously comfortable king-size Sleep Number™ adjustable mattress and snuggle under the goose down comforter. Entertainment is at your beck and call thanks to a retractable Samsung 4K TV, Sony® Blu-ray® player, and Bose® Solo 5 soundbar, all tucked away in a cabinet opposite the foot of the bed. Find abundant storage for your clothing in the incredible wardrobe space, which boasts pull-out drawers. In floor plan 4549, a walk-in closet with cedar paneling awaits you, housing a Whirlpool® stacked washer and dryer and adjustable shelving.

Royally — Refined

In the lavish master bathroom, a hand-laid tile backsplash highlights the super-polished vanity and hammered stainless steel trough sink. A striking lighted mirror adds further style and functionality to the space. Enclosed by a glass door, the shower features a tiled floor, tile wall inlays, a fold-down bench, and a water conservation system—all so you can indulge in a spa-like experience every day. And thanks to the filtration system, water purity is always assured. Select floor plans are furnished with a well-appointed mid-ship half bathroom, enabling your guests to receive the royal treatment too.

A Regal — Bearing

Enjoy outdoor living beneath dual Girard® Nova side awnings outfitted with wind sensors and LED lights. If you love hosting friends and family, you'll be delighted by the outdoor entertainment center with its Samsung 4K LED TV and soundbar. Furthermore, a standard Dometic® pull-out freezer keeps snacks and beverages close at hand. For maximum utility, the King Aire is equipped with push-button baggage door release and power soft-close baggage doors. And for reliable power, you'll find a 12.5 kW Cummins® Onan diesel generator with auto changeover on a hydraulic slideout tray. Security comes compliments of keyless entry and a new camera monitoring system at the entry door, which is viewable from inside your King Aire or through an app.
