KVH LF TracVision In-Motion Satellite System

Product Information

Features:

- Automatic In-Motion satellite acquisition and tracking for outstanding mobile reception
- Housed in a stylish weather-proof dome
- DirecTV and Dish Network Compatible
- Easily upgrades to provide complete in-motion tracking
- Enhanced design - easier/faster OEM integration
- Comes with dual LNB
- PC-based diagnostics

Parts & Accessories

Description	Part Number
Owners manual	54-0194
Radome Assembly – Wht.	02-0953-08
Radome Assembly – Blk.	30-0122-05
28' Data/Power cable – Rev1.0	32-0421-28
28' Data/Power cable – Rev1.1	32-0731-28
28' Data/Power cable – Rev1.2	32-0730-28
Coaxial cable – 28'	32-0417-28
Switchplate assembly – Rev1.0	02-1196
Switchplate assembly – Rev1.1	02-1236-01
9 Pin to switchcraft adapter Rev1.1	32-0742-05
9 Pin to switchcraft adapter Rev1.2	32-0758-06
Main PCB Board	02-1144-01
Clamshell ventilator	850

Specifications:

Power: 11 – 16 volts DC @ 2.5 amps
nominal, 3.5 amps peak

Dimensions: 32" x 14 ½"H

Weight: 33 lbs.

Tracking – Better then 30 degrees / sec.

Acquisition – Better then 60 degrees / sec.

Elevation range – 15 to 75 degrees

Azimuth range – 720 degrees

Operating temp. - -25 to +55 degrees C

Storage temp. - -40 to +85 degrees C

Humidity – up to 100%

Rev 1.0 parts – serial #'s up to 03010166 / Rev1.1 parts – serial #'s starting w/ 03010167 / Rev1.2
parts – serial #'s starting w/ 03060029
