Canyon Star	☒	Mountain Aire	☒	Other	☐
Ventana LE	☒	London Aire	☒		

DESCRIPTION

This TSB is created to notify dealers of a change ITC made to the lead solder in the recessed lighting to make it more environmentally-friendly.

Issue: This change caused an issue in ITC's LED recessed lights with a manufactured date codes in the range of November 2014 to March 2015.

Impact: Lights may prematurely quit working or only have a portion of LED'S working within each light fixture.

Units affected: See the attached population list.

Note: Recent data has determined that most failures to these lights occur within the first six months of ownership.

Recommended Action

EFFECTIVE STARTING DATE OF 01/25/2016

Resolution: If a failure occurs to any of these lights within the first six months of ownership and the lights are within the date code noted above, replace all of the lights in the unit.

If a failure occurs to any of these lights beyond six months of ownership, they will be handled as a normal warranty repair. Replace **"ONLY"** the failed lights.

Order replacement lights from the Newmar Parts department. Replace the lights with date stamps Nov. 2014 – March 2015. Please check dates on all lights, as some may have already been replaced with good lights.

Note: The date stamp is found on the back side of the light.

Newmar part # 122672 - 3" with mouse trap wing

Newmar part # 121294 - 3" clip mount

Newmar flat rate code: TSB 428 - Light-ITC-LED-Round Ceiling (0.1 hr ea.)

Please read this bulletin in its entirety prior to beginning any diagnosis or repairs.
