Ventana LE	<input checked="" type="checkbox"/>	London Aire	<input checked="" type="checkbox"/>	Other	<input type="checkbox"/>

### PRODUCT INFORMATION

If a customer complains about their satellite, this product improvement bulletin may be helpful. This will only apply to coaches equipped with an HDMI/ CAT6 splitter AND the customer has installed a Geni-type satellite receiver. In this scenario, the customer may have issues trying to select satellite stations that toggle between high definition (HD) and standard definition.

The affected coaches have approximate production dates prior to 8/17/2018 and have a HDMI/CAT6 Splitter installed (Newmar part # 139144 or 131941).

Repair: Remove and replace the # 139144 or # 131941 splitter with a new #139144 splitter, which now have modified internal connections and are compatible with the Geni receivers.

If you have any questions regarding this P.I.B., please contact a Warranty Service Representative at Newmar Corporation.
