Tips for Finding a Flat Rate Code

Open the Flat Rate Manual from the Parts and Warranty Reference section on Comnet. Enable the Macros setting by clicking the tab as shown in the picture. If the Excel program you are using is an older version or a trial version, you may not be able to enable this setting. The following pages will explain the next step for both

Click on the "Complete Listing" tab.

Click on the "Find" tab to bring up the search box. If you weren't able to "enable macros" at the beginning, this will not bring up the search box-in that case, use "control+F" to bring up the search box.

Type in a key word for the Flat Rate code you are searching for and click "Find All"---do not click "enter" or "Find Next."
