

# Newmar Corporation's Parts Ordering and Catalog System

Each Dealership is assigned three (3) User ID's and Passwords.

- ✚ Standard ComNet2 ID/Password provides access to the Main Catalog, Item Listing, Paint Code Pages, Parts Ordering Guidelines (with forms), Top 40 Items Sold, Ordering and Order Status abilities.
- ✚ Coach Specific View ID/Password provides access to Coach Specific Data including:
  - Production Build Order, including the Appliance Data Sheet
    - Most Coaches also have Décor Boards, Floorplan Drawing, and Exterior Paint Schemes and Paint Code/Formula Page
  - Windows Originally Ordered for the unit
  - Cabinet Doors Originally Ordered for the unit
  - All Newmar Paint Code Pages
  - All Newmar Technical Service Bulletins
- ✚ Retail View ID/Password provides View only access for displaying photos to Retail Customers. Orders cannot be placed when signed on with this password.

After receiving your dealership's User id and Password:

- ✚ Go to <http://comnet2.newmarcorp.com> . At this screen, enter the ID/Password that will provide the information you are wanting. Please note that the passwords are case sensitive. If you do not have your dealership's ID/Password contact a Parts Sales Representative. They can provide it for you.

At this point, sign on with the Standard ComNet2 ID/Password provided. We'll cover the other types of passwords after this area has been explained.

## ORDER STATUS

Choosing Order Status allows you to check the status of all Open, Completed and Back-Ordered orders.

At this window, select the type of order you wish to inquire about.

Upon selecting Open Orders, you are asked to enter parameters to define your search.

If you simply click continue, all open orders will be listed in descending order.

At this point, select the order in question to view this information.

This form of search engine is used for all of the Order types available.

The next screen is the Order Detail Screen. From this view on Completed Orders, all information regarding a specific parts order can be viewed, from the parts ordered, to the shipment tracking numbers.

By selecting the tracking numbers (in this example Roadway) you are directed to the website to verify shipment.

The shipping information (UPS, Roadway, etc.) will provide you with a status of the specific shipment.

There is no need to spend time on the phone to check shipment status. All the information is just a click or two away.

In addition to this method, the “SPEED ENTRY” will also make entering orders easy. If you are placing a re-order, or ordering stock items for which you already know the Newmar Part Number, simply click on the “SPEED ENTRY” button and type away. By selecting the “SPEED ENTRY” button, a small dialog box will open. In this dialog box, enter the Newmar Part Number and the quantity of these items you wish to place on order. Click the “ADD” button or hit the enter key.

Additional features of the Catalog include Part Images. Currently there are close to 20,000 items with images, and new photos are being added daily. If an image is available, a ‘thumbnail’ of the item is shown next to the part listing. Clicking on the ‘thumbnail’ or the item description will take you to a page with a larger photo of the item in question.

**CHECK OUT**

This next screen contains the 'header' information for the order you are placing. On this screen, there are some fields that are required and some fields that are optional.

The 'Contact' field is for the Dealer's Purchasing Agents Name.

The 'P.O. Number' field is for the Dealer's P.O. Number. This is a required field. If your dealership does not use

P.O. numbers, please enter your name or the Newmar coach number that these parts are being purchased for.

The 'Shipping Instructions' field is for the method of shipment you wish to use.

The 'Comments' field is where you would place any addition information about the order, such as, the Newmar coach number, the Year/Brand/Type of unit, the Interior Décor package number, etc. This is also the field that you would note which Newmar Parts Sales Representative you want handling the order, if you have a preference.

If the part ordered need to be shipped to another location, enter this information in the 'Ship To' fields. Please include a 'Contact Name' and a 'Phone' number when shipping to a location different then the dealership. This information is necessary especially when shipping items with a freight trucking company.

Once all of the information is completed on this Order Header page, you can either "SUBMIT ORDER", "SUSPEND ORDER", or "CANCEL ORDER".

Submitting the order will complete the transaction, sending the order directly to Newmar for processing. After submitting the order, you will not be able to make any changes to this order. If changes are necessary, please contact a Newmar Parts Sales Representative. They will be able to assist you in this.

Suspending the order will retain all of the information entered up to this point, in case you need to verify something prior to placing the actual order.

Canceling the order will do just that, cancel the order and discard any of the information entered regarding this order.

**EXTRA NOTES**

Here's some helpful information that may explain why some things appear differently in the catalog lists.

The list can be sorted by the "ITEM NO" or the "DESCRIPTION" columns. Notice the small arrow beside the "DESCRIPTION" column header. This view is sorted by the "DESCRIPTION", A thru Z.

Below is a sample view from a page in the catalog. The 'Tree' located in the upper left corner of the page traces the steps necessary to get to this page. First, choosing the Model Year, then the Brand/Type, next the Category and finally the Sub-Category. If at anytime you are done view information on this Brand/Type but need to look up something on the same Model Year, simply click the Model Year in the 'Tree'. The next window will display the Brand/Types available for that Model Year.

## COACH SPECIFIC

When signing on using the Coach Specific View ID/Password, limited information on a particular Coach is available.

Currently, the 2004 and 2005 Model Years are offered here. The 2006 Model Year is expected to be available by the March, 2007.

The easiest way is to enter the Newmar Coach Number in the 'Search Catalog' field. Using the 'Drill Down' method, by choosing a Brand/Type will work, but it is very time consuming.

After entering the Newmar Coach Number, click on the "GO" button or hit the 'Enter' key.

To view the Coach Build Order, click on the unit's "DESCRIPTION".
