DBS Technical Bulletin #37

Subject:

Improving the performance of your DBS-4000/4500 in rain conditions

Purpose:

Explain the procedure for relieving some of the rain interference that may occur due to rain.

Detailed Description:

We have tested a new product Brillianize, which help's eliminate the collection of rain on the DBS-4000/4500 domes. While RAIN X eliminates the collection of rain, Brillianize has proven to be even more effective.

It is our recommendation that you use Brillianize.

The Brillianize Company can be contact at **1-800-445-9344** or at any of the numbers below:
