SUBJECT: System III Metric Gauges

A program has been established with our supplier of System III Metric gauges (Chassis built after 1/1/99) to exchange English Speedometer and air pressure gauges (2) for metric gauges. No reprogramming of the speedometer is required. The following is the procedure from Kysor Medallion for exchanging the speedometer and gauges.

We at Kysor Medallion (K/M) are pleased to offer an exchange program when Metric gauges are required for a Freightliner Custom Chassis with English gauges. Please follow the steps below when ordering gauges.

- When calling in or faxing orders please state that this is for the FCCC Metric gauge exchange program.
 - K/M will ship the gauges with an RGA (Return Goods Authorization number) on the invoice for tracking purpose. The invoice will reflect the price of the gauges and a restocking fee of \$8.00 per gauge.
 - After receiving the Metric gauges return the un-used English gauges referencing the RGA number to the return address below.
 - After inspecting the returned gauges, K/M will return them to stock and issue credit to the customer for the cost of the gauges.
- Below is the information to order the gauges.
