Re: Notice of Campaign Service Bulletin: **CSB06-250-003**

Dear Valued Customer,

A recent decision was made to issue a Campaign Service Bulletin for certain Spartan chassis models with front IFS 1460/1660 with a VDM (Vehicle Date of Manufacture) of February 15, 2006 through June 20, 2006. A condition exists where there is insufficient grease in the carrier bearings.

Please note:

The Vehicle Identification Number that is affected by this campaign is on the address label that is on the front of the envelope this letter was contained in.

Your satisfaction with our product is important to us. We are initiating this contact with you so that you will, at your earliest opportunity, take your vehicle in for service. In doing so, we can be certain that you have the best product available for optimal performance.

Carefully follow the instructions below to have your vehicle serviced:

- Call an authorized Spartan service center without delay. **You do not need to call Spartan Chassis, Inc.** to find the facility most convenient to you. A list of authorized Spartan Service Centers is located on Spartan's website: <http://www.spartanchassis.com>. Click on "Customer Service" and then place your cursor on "Service" and click on "Authorized Service." Please call immediately to have this repair completed.
- Please note that service centers not having an account with Spartan Chassis, Inc. may require that you pay this service. If this is the case Spartan Chassis, Inc. will reimburse you the labor time the bulletin allows.
- Have available the last 5 digits of your VIN, also known as the SO (Sales Order) number (This is listed on the upper left portion of the address label.)
- .5 hrs (30 minutes) is allowed to grease the carrier bearings
- If you have any questions you can reach Spartan Chassis Cust Service @ 800-543-4277 (Option 1)

Although **this is not a recall**, Spartan Chassis is committed to serving you with your best interests in mind.

Best Regards,

Wayne Ridge
